Dear Andrea,  
Subject: Care for Ferdinando Forte

Thank you so much for the special care that my dad received. I know it was a brief period, but one that I felt most comfortable with. I would recommend your organization to anyone because you are thorough in attaining the information you needed, quick in getting your staff in place the same day, and the personal care your staff offered my dad.

Unfortunately, I am saddened to announce that my father passed April 3<sup>rd</sup> at Etobicoke General Hospital.

I will never forget the kind women that came in and assisted my dad. They were always making sure he was ok, eating and comfortable. I appreciate your help and services. We are grateful to Paola (my friend) for finding your company and to you Andrea and your staff for taking charge and stepping in as quickly as you did. Thank you and my best wishes to your staff.

Sincerely,

Daniela Chiappetta
